A new design of light in the König&Meyer product range. The extremely flexible goose necks produce a choice of very focused or flat light, just as you require. Each head contains a quadruple pack of LEDs, which can be switched on independently. The latest LED technology guarantees a bright source of light with a long lifetime and minimal energy consumption. A handy clip means it can be attached to music stands or boards with a max. thickness of 20 mm. Comes with a detachable power unit and a 3 m long cable.
